

V-Stream[®]

The Infinity™ V-Stream Swim Spa is enhanced with features to cater for the whole family. The best of hydrotherapy and relaxation options and the longest swim length available in the industry in a six seater spa. There are 3 models from top of the range to the super swim to cater for the needs of everyone.

At the spa end, there are four seats designed to give you the comfort, relaxation and hydrotherapy massage you would expect from a top-end spa. An additional two jetted seats are located in the swim end.

At the swim end, the V-formation jetting provides the ultimate fully adjustable swimming current to satisfy the strongest swimmer, yet with a simple fingertip adjustment of the controls, the smallest children or beginner swimmers are also catered for.

The Infinity V-Stream also comes with individual air control for each seat, and an optional built-in stereo system complete with pop-up speakers.

The installation of your Swim Spa is limited only by your imagination. The compact dimensions allow for installation in almost any garden paved area or decking.
